Ref. No. 218-5-Bud./41.

Station Madras, Dated the 9th July 1941. 19

From (Name) Major-General H. Stott, C.I.E., O.B.E., M.D.,
F.R.C.P., D.P.H., K.H.S., I.M.S.,
(Designation) Surgeon-General with the Government
of Madras.

To The Secretary to the Government of Madras,

Education and Public Health

Department.

Sir,

Madras.

I have the honour to forward herewith for favourable consideration and orders of Government copy of a letter dated 13th. December 1940 received from the Rev. J. Hogan, Superior Roman Catholic Mission, Bellary, requesting for financial assistance from Government towards the maintenance of the St. Mary's Hospital, Bellary.

This Hospital was opened on 14th. November 1938 by the Catholic Mission, Bellary, and the daily average number of in and out-patients treated during 1939 and 1940 was as follows:---

Year.	Daily average in- -patients.	Daily average out- -patients.
1939.	16	53
1940.	17	42

The staff of this institution consists of one woman medical officer (M.B.B.S.) 2 nurses and one compounder. The authorities of the institution have been asked to register the two nurses who are reported to be eligible for registration under the Madras Nurses and Midwives Act 1926. The income and expenditure of the above institution during the years

years 1938, 1939 and 1940 are given below:---

<u>Year.</u>	<u>Income.</u>	<u>Expenditure.</u>
1938.	Rs.1613-6-0	Rs.1475-7-0
1939.	" 6605-10-0	" 6651-2-0
1940.	" 5496-10-0	" 5578-8-0

Details of income and expenditure are given in the attached statement. This Hospital has been maintained by the Roman Catholic Mission, Bellary and has been getting help during the past years from its foreign Mission Viz. the Institute of the Franciscan Fathers of the English Province which has its Headquarters at the Franciscan Priory, Forest Gate, London E-7, England, and it was supported largely by contributions from friends in England. But on account of the present war conditions the income from the foreign Mission has been considerably reduced. In reply to an appeal to London, the Secretary of the Mission's Society in England has written as follows:--

"Too many of our centres in England have suffered too much and people in these places need help rather than give themselves. Our parish at Ascot has suffered greatly from bombs and those at Stratford and Woodford are also badly damaged. More than half the people from our London parishes have been evacuated"

During the year 1939 the Missionary Union in England remitted Rs. 15843-6-9, for the maintenance of the St. Mary's Hospital, Bellary, and towards expenditure for other Mission activities. In 1940 the income fell to Rs.14530/- and there was a deficit of Rs.1313-6-0.

The local Mission, however, considers that the Franciscan Missionary Union in England may not be able to send the same amount as in 1940 during the current year.

Local donations have ceased altogether as the donors plead other charitable calls and public appeals. No contribution is paid to this institution either by the District Board or the Municipal Council. In the circumstances, I consider that this Hospital deserves financial assistance from the Government. The authorities of the Hospital have asked for a grant of Rs.500/- per month. The total anticipated income from Hospital receipts and house to house collections is Rs.65/- per mensem or Rs.780/- per annum. The total expenditure during 1940 was Rs.5578-8-0. The District Medical Officer, Bellary reports that in order to enable the Mission authorities to continue the Hospital at its present level of activities, a Government grant of Rs.1200/- per annum will be required.

It is recommended that a maintenance grant of Rs.100/- per mensem, to be paid in advance every month subject to a maximum of Rs.1200/- per annum, be sanctioned tentatively subject to final adjustment after the expenditure is certified to by the Examiner of Local Fund Accounts, Madras, at the commencement of the next year. The authorities of the Hospital are willing to abide by the usual conditions in case a grant is sanctioned.

For Surgeon-General with the
M Govt. of Madras.

MAH./7-7.

 P.T.O.

Copy of letter dated the 13th. December 1940, from the Rev. J. Hogan, Superior, Roman Catholic Mission, Bellary, to the Surgeon-General with the Government of Madras, Madras:--

Application for Government aid to St. Mary's Hospital, Bellary Cantonment.

I beg to submit, for your sympathetic consideration, a request for temporary Government aid for a Hospital for Women and Children managed by the above Mission in Bellary.

This institution is situated in the cantonment, Bellary, and by means of a travelling dispensary it also serves villages in the Bellary and Adoni taluks. It has thirty beds for women and children, and is staffed by Religious Sisters. There are four nurses, one compounder, and one lady doctor (M.B.B.S.) on the staff.

The Hospital has been maintained out of Mission Funds during the two years of its existence and it seems to meet a need. The figures for the year 1939 and part of 1940 are as follows:---

1939.	Inpatients 393	Hindus	175
		Muslims.	46
		Christians.	172
	Out-patients	Hindus.	11015
	15990	Muslims.	1735
		Christians.	3240
1940.	Inpatients 407	Hindus.	146
October.		Muslims.	50
		Christians.	211
	Out-pa-	Hindus.	8436
	-tients 12624.	Muslims.	1945
		Christians.	2243

Owing to financial difficulties due to the war the funds for the maintenance of the Hospital have diminished and the present petition for a temporary Government grant is made in order that the work may continue. The institution is owned by the Roman Catholic Mission, Bellary, which is registered under the Indian Companies' Act of 1860 under the title:

"The Institute of the Franciscan Fathers of the English Province in Bellary"

I shall be very glad to supply any further information that may be required and, in the meantime, I beg to remain, Sir.

P.T.O.

St. Mary's Hospital, Cantonment, Bellary.

Ref. No. 218-11-B/41. dated 4th September 1941

Sir,

Subject: Grant - Medical - Private institutions - St. Mary's hospital, Bellary - maintenance - payment of -

Ref: Government Memo. No. 26493-1-D-2 P.H., dated 16 and 21-7-41.

I have the honour to state that the income from the Franciscan Missionary Union, England, in the year 1939 was Rs. 15,843/-. Out of this, the local Mission authorities set apart Rs. 5,620/- for the St. Mary's hospital and the remaining amount was spent on other activities of the Mission. This sum together with the hospital receipts etc. amounted to Rs. 6,605/- which was spent on the hospital in the year 1939. In the year 1940, due to war, the income from the Missionary Union, England, fell to Rs. 14,530/-. The Superior, R.C. Mission, Bellary, states that as the other activities of the Mission had to be and were run on the same basis as in previous years, only a sum of Rs. 3,400/- could be set apart for the St. Mary's hospital. This sum including the hospital receipts amounted to only Rs. 5,496/-

The

The hospital, therefore, suffered a deficit of nearly Rs. 1,200/-. This amount has to be made up to enable the hospital to run on the same level as in 1939 and the District Medical Officer, Bellary, has therefore recommended the payment of a grant of Rs. 1,200/- per annum from Provincial funds.

An estimate of income from all sources as furnished by the Mission authorities is enclosed herewith in original.

B. Kuttappa

Subject: Grant - Medical - Private Institutions - St. Mary's Hospital, Bellary - Maintenance - Payment of.

C.No.26493.

From the S.G., Ref.No.218-5 Bud/41 dated 9th July 1941.

The Surgeon-General recommends the application of Rev. J. Hogan, Superior, Roman Catholic Mission, Bellary, for a grant towards the maintenance of St. Mary's Hospital for Women and Children, Bellary Cantonment, as on account of ^{the} conditions created by the war, the income from its foreign mission (viz. the Institute of the Franciscan Fathers of the English Province with headquarters at London) has been considerably reduced, it is expected to diminish further.

2. The hospital was opened in November 1938 before ^{the Commencement of} the war. It contains 30 beds. The average number of inpatients treated was however only 16 in 1939 and 17 in 1940 and out patients 53 and 42 respectively. The expenditure on the maintenance of the hospital in 1940 was Rs.5,578 or 5,600 roundly. The following statement shows the expenditure on the maintenance of certain Govt. Medical Institutions having similar attendance.

		<u>Expendi- ture in 1939. Rs.</u>	<u>No. of beds.</u>	<u>In- patients.</u>	<u>Out- pa- tient</u>
Government Hospital, Chidambaram		19,400	22	50.10	244.84
do. Villupuram.		11,622	16	22.11	198.25
do. Vriddhachalam.		6,436	16	16.81	128.43
do. Srirangam		10,558	20	27.68	252.30
do. Proddatur		13,172	17	21.72	199.19
St. Mary's Hospital, Bellary (Private)		5,578 6651	30	17	42.

It will be observed from the above statement, that the expenditure incurred on the maintenance of St. Mary's Hospital, Bellary is not high.

3. The Government Headquarters Hospital, Bellary, contains 26 beds for women and the daily average number of women in-patients

treated in 1939 was 32.73. The St. Mary's Hospital, Bellary, may be said to supplement the facilities for treatment of women available in the town. Last year the Govt. undertook to pay maintenance grants to certain private mission medical institutions whose resources were affected on account of the occupation by Germany of France, Holland, Belgium etc. In the present case, the headquarters of the foreign mission is at London but it is feared that the Franciscan Missionary Union in England may not be able to send the usual amount in the current year. The S.G. has recommended the payment of a maintenance grant not exceeding Rs.1,200 per annum to be paid in monthly instalments of Rs.100 subject to the conditions imposed in similar cases against a grant of Rs.500 p.m. asked for. The grant is intended only to make up the deficit anticipated in the mission contribution. For orders whether the S.G.'s recommendation may be accepted and the grant made from the beginning of this year.

4. No provision has been made in the budget for the payment of a maintenance grant to this institution. The expenditure will have to be met by ~~appropriation~~ ^{first} and authorization of H.E. obtained for a token sum if funds can be provided by reappropriation or for a supplementary ~~expenditure~~ ^{if funds cannot be so provided}.

5. The employment of two unregistered nurses may be permitted pending their registration under the Madras Nurses and Midwives Act, 1926.

X only 125

6. The remarks of Finance may be invited u.o.

used
11/17/41

The principles to be observed in dealing with such applications have been laid down in (B). It cannot be said that the drying up of resources in the case of this hospital will be to the same extent as in (A) or (B), as the Institute Denmark, Holland, Switzerland, has been mainly financed from Great Britain, though undoubtedly there must have been some

curtailment on account of the War. The Hospital seems to have made a small beginning.

Perhaps Rs 1200, or a smaller sum if considered necessary, may be sanctioned.

WJ
12/7

S

The S.G. may be asked how the B.M.O. got his figure of Rs. 1200. He may also give an estimate of the income which the hospital will be able to get.

U.O.Note. No.1004/41-1 : 13/7/41.

Hospital - St.Mary's hospital, Cantonment, Bellary - Maintenance grant - Representation to His Excellency.

At an interview which His Excellency gave Father Fidelis during his recent visit to Bellary, it was represented on behalf of Father Hogan, Superior of the Roman Catholic Mission at Bellary, that he applied to the Surgeon-General for the payment of a maintenance grant to the St.Mary's Hospital, Bellary. It was stated that the income from English sources during 1939 and 1940, was respectively Rs.15843/6/9 and Rs.14530/0/0; that the income is being spent on the St.Mary's hospital and other Mission activities; and that the accounts of the hospital showed a deficit of Rs.1313/6 during 1940. It appears that in order to enable the institution to work at the usual level of its activities, the District Medical Officer has recommended a monthly grant of Rs.100/- and that the Collector has also recently granted a sum of Rs.200/- from the accumulated interest of the King George V Memorial Fund to the hospital. His Excellency feels that since the deficit in 1940 was in fact over Rs.1300/-, Government might consider the question of making it up. Further it was stated that the deficit in 1941 was likely to be even greater, so as to require the consideration of a larger grant. His Excellency would be glad if the case could be investigated and circulated in due course, with advice.

yz, R after a fortnight.
hs
23/7

C.No 55180 from the S.G. Ref No-218-11 B/41 dated 4-9-41.

Please see the notes on pp.1-3 ante. In his letter on pp.12-13 c.f. the S.G. has explained how the D.M.O. calculated the amount of grant required towards the maintenance of the St. Mary's Hospital, Bellary, to be Rs.1,200/-. This figure appears to have been arrived at as follows:-

- | | | |
|--|-------------------|---|
| (1) Expenditure incurred on the maintenance of the hospital in 1939 .. | Rs.6,651-2-0 | - |
| (2) Total receipts in 1940 (when there was a reduction in the amount set apart by the Mission by Rs.2,200/-) .. | 5,496-10-0 | - |
| (3) Amount of grant required to run the hospital on the same lines as in 1939 (difference between (1) and (2) .. | 1,154-8-0 | + |
| | or 1,200 roundly. | |

This amount will be sufficient only if the amount contributed by the Mission and the income from other

sources (hospital receipts, subscriptions and donations collected in India etc.) in 1940 is kept up.

^{KRX}
11/9/41
The expenditure in 1940 has to be reduced Rs 1200 below the expenditure in 1939 because the receipts were less. If the 1939 level is to be kept up, a grant is required.

The Govt are pleased to
sanction the payment to the
St. Mary's Hospital, Bellary,
of a grant not exceeding Rs
1,200 (Rs One thousand and two
hundred) per annum towards
its maintenance during the
period of the war. The
payment of the grant will
be subject to the following

Conditions:—

- (1) The grant will be paid from 1.4.41
with effect from 1.4.41
- (2) The management should
arrange to maintain the
necessary registers and
submit to the S.G. the reports
and returns prescribed for a

hospital.

(3) The institution should be open to periodical inspection by the DMO.

(4) Patients should be admitted for treatment irrespective of caste or creed.

(5) The management should employ only registered medical practitioners and midwives.

(6) The total grant payable to the institution will be restricted to the actual net cost after deducting the total income of the institution from the total expenditure incurred on its maintenance.

(7) The management should maintain proper accounts of receipts and expenditure relating to the hospital and have them duly audited.

2. As the hospital is in immediate need of financial assistance, the grant will be paid in advance as a special case in monthly instalments of Rs 100 tentatively.

with effect from 1.4.41 subject to final adjustment at the commencement of the succeeding year after the actual expenditure for the year is known and certified by the Examiner of L.F. Accounts.

3. The expenditure will be debited to "38- b. Medical Hospitals and Dispensaries G- Grants to private medical institutions 1- Ordinary areas 1-- Maintenance grants - Voted" The S.G. is requested to report whether the expenditure can be met by reappropriation and if so, to submit the necessary statement for reappropriation of funds. As the expenditure is on a 'new service' a supplementary authorization will be obtained in due course

4. The audit of the accounts of the hospital should be done by the Examiner of L.F. Accts.
